*Your guide to maximizing the
benefits of your NJEA membership.*

Introduction to Your NJEA Member Benefits

Our NJEA Member Benefits program offers members access to a variety of benefits and programs to enhance your life at work, at home, and on vacation. From discounts on travel and everyday purchases to home mortgages and financial planning, we've got the tools to help you save time and money.

This directory is a guide to help you access many of the programs and services. However, it is by no means an exhaustive list of all that NJEA Member Benefits has to offer. For additional limited-time offers and other services, be sure to check out the NJEA Member Benefits page at memberbenefits.njea.org.

To help get you started, read through our "Quick Start Guide to Access Member Benefits" on Page III. This will get you familiar with searching our most popular benefits.

We don't want you to miss a single savings opportunity! You can opt in to our Member Benefits Update emails by logging into memberbenefits.njea.org and scrolling down to "Deals Newsletter." You can also follow @NJEA Member Benefits on Facebook or register for a monthly webinar at njea.org/mbwebinars.

If you have a favorite business, invite them to join the NJEA Member Discount Program. Information is available at njea.org/mdpapplication.

If you ever have a question or can't find what you are looking for, please contact NJEA Member Benefits at (609) 599-4561 x2222.

Who does NJEA Partner with and Why?

NJEA Member Benefits is made up of Sponsored Partners and partners in our Member Discount Program. It is important to understand the key differences.

NJEA Sponsored Partners -- NJEA has endorsed a handful of partners who offer very special products that are believed to be the best of the best. These are products and services that have broad-based appeal and provide superior quality and value. To the best of NJEA's understanding, these products and services are worthy of sponsorship. These special Sponsored Partners are noted throughout the directory.

Member Discount Program and Access – The Member Discount Program is simply a courtesy listing of businesses that offer discounted services and products to our members. This includes over 300 providers who are listed within this directory. ACCESS/My Deals App is a service that NJEA pays for to provide members with discounts to thousands of nationwide businesses that can be found in a separate online database and App (Learn how to search these discounts in the “Quick Start Guide to Access Member Benefits”).

Our Member Discount Program and the Access Discount program are provided as a service to NJEA members and do not constitute an endorsement by NJEA or a representation regarding the product's quality or characteristics.

Become a Member Benefits Ambassador

The Member Benefits Ambassador serves as the point of contact between the NJEA/NEA Member Benefits program and their local association.

The NJEA Member Benefits program is overseen by the NJEA Member Benefits Committee, which is made up of one representative from each county, an NJREA representative, and an NJEA Preservice representative. The goal of the NJEA Member Benefits Committee is to have at least one ambassador per local. A local may designate more than one ambassador and, for example, may decide to assign one per building or worksite. Ambassadors can request help and resources from NJEA staff contacts and their county Member Benefits Committee member.

Once assigned, you'll be recorded as a Member Benefits Ambassador in NJEA's membership database (MARS) and will begin receiving emails from NJEA and NEA Member Benefits.

DUTIES:

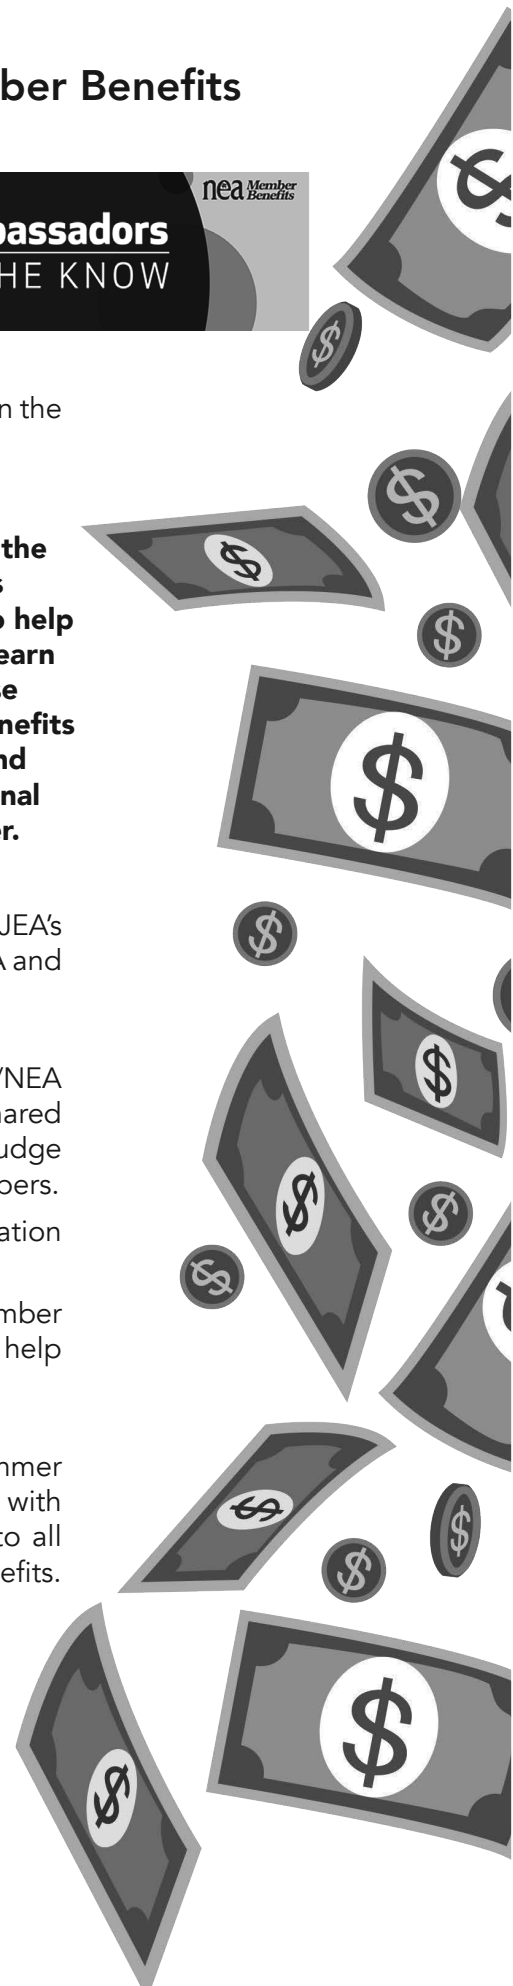

1. Review emails detailing programs and savings opportunities from NJEA/NEA Member Benefits and decide what information you think should be shared and how to share it among the members in your local. You are the judge of what information may be beneficial to all or a subset of your members.
2. Work with the local president to incorporate member benefits information into association meetings, events, and communications.
3. In coordination with the local president, you may wish to host a Member Benefits Fair, Member Appreciation event, or other presentations to help members maximize the benefits available to them.

TRAINING:

Optional training is provided during the annual NJEA Jack Bertolino Summer Leadership Conference in August. This opportunity should be discussed with your local association president. Online monthly webinars are open to all members and are another great way to learn about the latest member benefits.

Social Thinking (Think Social Publishing)

(408) 557-8595

Ext: 203 On-line

Our books, materials, and conferences focus on building social competencies and have been adopted in social and emotional learning initiatives globally. The Social Thinking materials are designed to teach how to better navigate the social world, foster relationships, and improve their performance at school, at home, and at work. Our unique tools break down complex social concepts (like perspective taking) into understandable and doable parts that can be applied in any setting. For over 25 years, our experts have been a guiding resource for schools, clinics, and families around the world, and our teachings continually evolve based on the latest research and clinical insights. Materials are for both neurotypical and neurodivergent students.

The Social Thinking Methodology addresses the questions: How does the social world work, and how can we help our students better navigate to regulate within it? How do our social emotional learners function within the social world? Our methodology fosters the development of social competencies so foundational that our work applies across cultures, ages, races, religions, mental health diagnoses, etc., and has been adopted within communities around the world. We stand committed to providing quality, practical information that is rooted in research, built upon real-world experiences, and is responsive to the needs of the people for whom it is designed to help. We are constantly learning and gaining inspiration from our clients and others we meet, so our work is ever evolving yet remains grounded in its adherence to rigorous standards of quality.

KinderCare Education offers 10% tuition savings for NJEA members at all New Jersey KinderCare locations for children ages 6 weeks to 12 years. Programs include infant/toddler care, preschool, before and after school care, camp, and drop-in on a space available basis (excludes private kindergarten). A lifetime of confidence starts here. At KinderCare we will make sure your child has everything he or she needs, teachers who care, and classrooms where safety is priority number one. Our national assessments show that even during the pandemic, kids of all ages, ethnicities, genders, and economic backgrounds have been soaking up our program and making better-than-expected progress toward key developmental milestones. During the pandemic, KinderCare students made, on average, 7 months of developmental progress in only 6 months, and, on average, KinderCare kindergartners score nearly 2 months ahead of national expectations.

NJEA members must show proof of NJEA membership in order to receive the 10% tuition savings. 10% tuition savings will be applied the week following proof of membership and is not retroactive. Tuition savings is valid for full-time, part-time, and drop-in care.

The Grand Review

(267) 269-1606

On-line

We are printmakers based in Philadelphia. Our prints are all created in house from obscure ephemera, creating a catalog from a crossroads where history meets art. Where history, reconsidered, becomes art, the works are wonderful for the classroom, for art teachers and history teachers, for the main office, and for teacher lounges. Engaging and unusual, they spur young minds to further inquiry while simply uplifting the visual environment as decorative art prints.

We offer a 50% discount on all our prints for NJEA members who wish to hang one of our prints anywhere in their school. Simply go to our catalog, choose one or several prints, contact us, and identify as an NJEA member to have the 50% discount applied to your order. Discounted prints must be hung in schools. NOTE: We usually have a stack of culls and samples in our Philadelphia studio that can be had for free, by the armload. Let us know you're coming, and we'll set them out on worktables. Lively up your classrooms, even use some of them in various projects. 100% your discretion.
